

Mr. Bill Henderson  
Carson Valley Inn  
Director of Sales

We would like to thank you and your staff for an outstanding job during our 5 days at CVI.

Bill, you were instrumental from our first meeting in September, 2010. We wouldn't have had a successful convention without your help in getting us started, with the necessary town people.

Carrie has been a pleasure to work with; all our needs were taken care of with a very successful banquet. We had an attendance of 162 people and not one complaint and plenty to eat. In her absence Erin took control to help us as we needed it.

Jacki worked with me to ensure all registered hotel guest were also signed up for convention. Her weekly reports were my insurance.

On the first actual day of arrival the guys working the front door went over and above taking care of guest as they arrived, even the one who parked in the designated corvette parking area, they offered to come out and collect our luggage. They were great.

The entire staff at CVI did a great job, the Steakhouse and Katie's were overwhelmed at times but ready for us and also did a great job.

We had people from nine different states represented and everyone said they would come back to CVI.

Dick and Bernie Realph  
Convention Coordinators  
Discovery Bay Corvettes
