Dear Mr. Henderson,

Please accept the gratitude of our Association for the excellent service we received during our annual conference in March, 2013. In past years our group has held our conference in many locations all over the State however, attendees indicated that the Carson Valley Inn (CVI) was the best location the Nevada Airport Association has found for their conference.

Each day we had two meals and two breakout sessions. The CVI staff was always ready and the food was hot and appetizing. A lovely lady named Carole not only attended to our needs but also seemed to anticipate them throughout the day. Please share our appreciation to your entire staff for helping make our event a success.

Sincerely,
